EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony Josephson on 07/28/2011.

2. The application has been amended as follows:

a. Claim 28: line 8, change "crop each thumbnail of the plurality of thumbnails to a uniform size; and" to ""crop each thumbnail of the plurality of thumbnails to a uniform size **which is substantially a square**; and;"

a. Claim 29: line 6, change "cropping each thumbnail of the plurality of thumbnails to a uniform size at the digital" to "cropping each thumbnail of the plurality of thumbnails to a uniform size **which is substantially a square** at the digital"

3. The following is an examiner's statement of reasons for allowance:

The following prior art shows the current state of the art to this patent application:

- i. Pont et al. (US Patent # 6,014,170) discloses a thumbnail which is not a square size.
- ii. Burnard et al. (US Patent # 5,613,122) teaches in figures 20-22 illustrate examples of locale gallery views for the three rightmost locales in the archive shown in FIG. 19. In these figures, the squares 2000 display thumbnails, i.e. reduced size renditions, of menus, dialogs, etc. However Burnard does not teach a thumbnail being displayed in an enlarged size at a size greater

than the uniform size. Finally there would be no motivation to combine it with Parulski and Ochi.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
